25-3-36

28.3.36

16) In G.O.No. E.2812-4/G.G. 40-34-7 dated 10th April 1935, it was ordered that there was no need to continue the above post and that his work might be distributed between the Inspector and the other staff of the department. The temporary post was however subsequently continued for one more year from 1st July 1935. The present proposal is to retain him permanently as a Technical Assistant to the Superintendent. If Mr. N.S. Iyengar's services are absolutely necessary, he should be absorbed against sanctioned posts and it is not desirable to create new posts permanently for the purpose. The post may therefore be continued for a short time (not more than one year) and the Superintendent may be asked to absorb him in a sanctioned post early. Two probationers have recently been sanctioned and it is desirable to avoid further extra expenditure as far as possible. The creation of a new appointment or the continuance of this appointment permanently are not financially acceptable.

Subject:-
Funds required to be provided in the Budget of this Department during 1936-37 for the Horticultural - instructor.

-:0:-

Flag X 88 Jan 35

Sir,

Adverting to Government Proceedings No. E 282-3/GG 44-34-5 dated 26th July 1935 sanctioning the continuance of the post of the Horticultural Instructor for a further period of one year from 1st-July 1935 and ordering that Mr N.S.Iyengar be continued as --- Horticultural Instructor on a pay of Rs 75/- per mensem, I have the honor to state that the term of service of this official will expire as per the said Government Order, by the end of the current official year and as it is very necessary in the light of the facts, explained below, to continue to have the Horticultural Instructor for this - Department permanently, a sum of Rs 900/- per annum may be kindly - arranged to be provided in the Budget of this Department for 1936-37 meeting the cost thereof from the savings available in the existing provision in the Budget under " pay of Garden Assistant ".

2. Mr N.S.Iyengar was first appointed in the Palace Department as Overseer, Palace Orchard, Bangalore on 8-8-1928. In March 1931 after a service of two and a half years in that Department, he was taken to this Department for the post of the Horticultural Instructor as per G.O.No. E 3386/GG 93-10-6 dated 23-2-1932. His services were retained here with the sanction of Government and being renewed year - after year.

Deshopped Flag B

3. After the abolition of the Horticultural School in 31.12.1932 Mr N.S.Iyengar was entrusted with the following works as by this time the activities of this Department were well spread out -- throughout the State and many people from all the Districts are indenting upon this office for technical advice and information in matters of Vegetable and Fruit cultivation and Gardening - in general, and unless this Department is prepared to help private people with such technical information its attempts to expand the very useful and profitable industry of growing fruits and vegetables will not bear good results. The duties he has been entrusted with are

1. Imparting instruction to the public on Horticultural matters;

2. Training of students who come here from within and outside the State for the study of Practical Horticulture;

3. Compilation of leaflets on the cultivation of Horticultural crops for the benefit of fruit growers. There is a great demand for these leaflets.

4. Dissemination of knowledge of Fruit Preservation. For this there is a great demand from the public.

5. Bureau of Economic Botany - There are 200 Cabinets for -- different subjects which have to be posted up-to-date and kept for ready reference.

6. Herbarium - There are 3500 Herbarium Sheets to be maintained and fresh specimens added.

7. Maintenance of the History of plants;

8. Testing of Seeds;

9. Work connected with the Dasara and other Exhibitions;

10. Library - There are nearly 1000 Volumes of valuable books and (- Journals

11. Works connected with the Fruit Growers Association which was recently formed and to the Fruit Research Scheme submitted to - Government last year.

The above important works could not be entrusted to any one else as the permanent staff of this Department find no time to attend to these duties.

P.T.O.

In these circumstances, I earnestly request that Government may be pleased to sanction permanently the retention of the services of the Horticultural Instructor Mr N.S.Iyengar who is not only a qualified hand but has put in nearly eight years of service - two-and-half years in the Palace and five-and-half in this Department and has been doing much useful work here, and instructions to the Comptroller to the Government of Mysore, Bangalore, may kindly be issued to provide the sum of Rs. 900/- per annum in the Budget of this Department during the next and future years.

I have the honor to be

Sir

Your most obedient servant,

Offg Superintendent

GEN. 24 FEB. 1936

Subject:-
Sanction of Government to the permanent retention of the services of Mr N.S.Iyengar as Horticultural Instructor.

-:0:-

Sir,

With reference to your letter No.2029/GG 42-35-2 dated 27th January 1936 regarding the above subject and enquiring as to who was attending to the duties now entrusted to Mr N.S.Iyengar before and what work he was doing when the Horticultural School was in existence I have the honor to state that between 1912 to end of March 1917 the work of the Library and the Bureau of Economic Botany etc was entrusted to one of the Horticultural Instructors since two Horticultural - Instructors had been sanctioned then by the Agricultural Committee of the Economic Conference. When the School was temporarily abolished in 1917 the work was being managed by the same Horticultural Instructor by retaining his services till that period. The School was again - restarted at the instance of the Agricultural Committee in November 1917 and lasted till 1920 and during that period also the same --- arrangement for this work was continued and after the abolition of the school in 1920 the work was entrusted to a Fieldsman of the - Government Museum Establishment. In 1926 the School was again revived with a suitable technical Establishment - one Assistant Economic -- Botanist and an Instructor etc The work under reference was again entrusted to the Horticultural Instructor Mr Vairavanathan, in addition to his legitimate duties as a teacher from 1926 to 1931. When he -

When he resigned and went to Coimbatore on a better salaried post Mr N.S.Iyengar who was in Palace Service was taken to this ---- Department in place of Mr Vairavanathan in 1931. Since then, the latter has been entrusted with this work in addition to his own.

After the abolition of the School, Mr N.S.Iyengar was also supervising the Apprentice classes in which there are half a - dozen students who came here for undergoing training in Practical Horticulture; and in addition to this he has been attending to the upkeep of the Library and Economic Botany and Herbarium and other works stated by me in para 2 of my letter No. 49X dated 9.2.1938

In these circumstances, I request that Government will be pleased to sanction the post of the Horticultural Instructor - permanently to this Department and Mr N.S.Iyengar absorbed in the post.

I have the honor to be

Sir

Your most obedient servant,

Offg Superintendent

§§ 42-35-4

To

A.V.Ramanathan, Esq., B.A.,

Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e

Sir,

In continuation of my letter No. 2893 dated 24-2-36 submitting proposals regarding the continuance of the post of the Horticultural - Instructor permanently and the absorption of Mr N.S.Aiyangar in that post, I have the honor to state that as early as 1914, Mr G.H. ---- Krumbiegel had sent up a scheme recommending the appointment of a number of technical assistants, but the scheme was not sanctioned. The technical work that was to be attended to was entrusted to the Assistant to the Economic Botanist then in this Department. But since this post also was since abolished and no separate hand was sanctioned the items of work detailed below have had to be entrusted to the - Horticultural Instructor who is attending to them under my instructions after the abolition of the Horticultural School.-

1. Compilation of information on Horticultural subjects and - Publication of leaflets.

2. Insertion of references and extracts on important Horticultura subjects from the Journals received for the Bureau of-- (-1 Economic Botany.

3. Furnishing technical information on fruit and vegetable - cultivation in person and by correspondence.

4. Attending to other important technical works such as labelling of plants, preparation of lists of medicinal plants, noting down observations from the Records of Horticultural Farm and Krishnarajasagara Experimental Orchard etc.

5. Demonstration of Fruit preservation and distillation of - Essential oils.

6. Marking out Economic plants for introduction from Journals and Reports.

7. Pressing of Herbarium specimens and mounting them on cardboard and helping identification of specimens.

-s

8. Dealing with Important files such as Fruit Scheme, Fumigation of Imported plants, Cold Storage file etc.

9. Manurial Experiments at Krishnarajasagara Experimental Orchard which is being conducted in collaboration with the Potash company of Calcutta.

10. Charge of the Library etc.

In addition to the above-mentioned items of work this Department has taken up the work of popularising Davana cultivation, Development of Fruit cultivation under Irwin Canal, Fumigation of plants imported from abroad and the cultivation of medicinal plants and herbs in Mysore State ax. Besides I am of late receiving a large number of enquiries from the public particularly on Fruit cultivation. The work connected with the preparation of the guides of the various gardens in charge of this Department, compilation of a descriptive catalogue of plants etc have also to be taken up. The services of the Horticultural Instructor are absolutely necessary for my assistance in carrying out all the works referred to above.

In this connection, I wish to request that the designation of Horticultural Instructor may be changed to Technical Assistant as the latter would better suit the nature of work turned out. As Mr N.S. Aiyangar who has put in 2½ years of service in the Palace Orchard and subsequently five years in this Department as Horticultural Instructor has been trained for the items of work referred to above and since there is no other hand to whom the work could be entrusted, I request that Mr N.S.Aiyangar may kindly be absorbed in this Department in the post of Technical Assistant proposed above.

I further request that orders sanctioning this post of Technical Assistant permanently may kindly be sent early as the time for which the continuance of the post of Horticultural Instructor has been sanctioned, expires by the end of June 1936 vide G.O. N.E.-282-3/GG44-33-5 -4- 7-2-6-7-35.

Flag D

As directed in person on the 11th instant, I have submitted herewith for your kind information an abstract showing the bulk of technical work turned out by Mr N.S.Aiyangar, Horticultural Instructor Lalbagh, under my instructions from July 1935 to 1st March 1936.

I have the honor to be
Sir
Your most obedient servant,

Offg Superintendent

16-3-36

Abstract of Technical works turned out by Mr N.S.Aivangar, Horticultural Instructor, under the guidance of the Superintendent, Government Gardens. (From 1-7-1935 to 1-3-1936)

I. Compilation of Information on Horticultural Subjects.

Information on the following subjects were compiled for publication and for the use of Farmers :-

3. Grasses from Ceylon
4. Butterfruit varieties from Washington
5. Grasses from Queensland
6. Wild Lucerne - Stylosanthes sundiacege from Queensland

VII. Works connected with the Herbarium and Library.

a. Herbarium - Fifty specimens were pressed and mounted on cardboards These specimens were sent by Mr H.C. Javaraya, which he collected in different parts of India during his tour.

More than hundred specimens were arranged according to the Natural Orders and there are a good many such specimens which are bundled and kept from a very long time and which have to be sorted out and arranged in order. There are also a good many specimens -- which have to be named. Besides, there are more than 3000 specimens which have to be taken care of by treatment with chemicals for - preservation. An up to date list of specimens in the Herbarium is being prepared. Help for the identification of the specimens -- brought by the public is given.

b. Library:- There are more than thousand volumes of books in the Library and 91 volumes of Journals were arranged properly and sent for binding. There are a number of Journals thus heaped up all mixed together from old stock which have to be sorted out and bound.

VIII. Besides the above-mentioned duties, a number of - requisitions were answered in person, books issued from the Library and noted in the Loan Register, Books and Journals taken to stock and checked and cleaned from time to time.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

Dated, Bangalore, 16th April 193 6

No. G.2862
G.S.62-35-5

From

The *Chief Secretary to the Government of His Highness the Maharaja of Mysore.*

To

The Superintendent,
Government Gardens in Mysore,
Bangalore.

Sir,

With reference to the correspondence ending with your letter No.3045 dated 17th March 1936 recommending the absorption of Mr.N.S. Iyengar the temporary Horticultural Instructor as Technical Assistant in the Gardens Department, I am directed to state that Government are of opinion that it is not desirable to create new posts and incur additional expenditure and to request you therefore to state whether it is possible to make any re-adjustment so as to avoid additional expenditure.

I have the honour to be,

Sir,

Your most obedient servant,

for Chief Secretary to Government.

H.V.Ramanathan, Esq., B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

G.G 42-35-5

Sir;

With reference to your No. E 2862/GG 42-35-5 dated 17-4-1936 enquiring whether it is possible to make any re-adjustments in the staff of this Department for absorbing the services of Mr N.S.Iyengar now Horticultural Instructor, I have the honor to state that as report in my letter No. 3045 dated 17-3-'36 the work, being turned out by Mr N.S.Iyengar is of a technical nature and that there is no post - carrying a salary of Rs 75/- available in the sanctioned scale of the Department for absorbing him and it is not also possible to make any re-adjustments so as to avoid additional expenditure.

I therefore request you to kindly sanction the proposal --- previously submitted in my letter No. 3045 dated 17-3-36 for continui his services in the Department.

I have the honor to be

Sir

Your most obedient servant,

Superintendent

Extract of the para (1) of the letter No. 213 dated 9th May 1932 from the Director of Horticulture in Mysore, Bangalore, to the -- Secretary to Government of Mysore, Development Department, Bangalore:-

---

(1) The apprentice course in practical Horticulture is specially arranged for those who do not possess necessary general educational qualification to join the three years Diploma course and also who cannot afford to stay a long period of three years. The course is arranged for one year and the works chiefly consist of, practical nature. This course also helps the Diploma holders of the Agricultura
-1
school who wish to specialise in Horticulture and also who do not wish to stay for a long period as they possess necessary theoretical knowledge in Applied Science. A copy of the Syllabus is enclosed for information.
